

User story

I as Kent student, I want to be able to find other students, so I can build meaningful connections and expand my network

Acceptance Criteria

Given that the student wants to find other students, when they search a username then show them a list of accounts matching that username

User story

As a Kent student, I want to be able to leave a comment under my friends' media, so I can let them know what I think of the media

Acceptance Criteria

Given that the student wants to comment on media, when they click the comment icon then display a text field and keyboard.

User story

As a Kent student, I want to be able to like my friends' pictures, so I can let them know what I think of the picture

Acceptance Criteria

Given that the student wants to like their friends' picture, when they tap the like icon then notify the picture owner of the action

User story

As a Kent student, I want to be able to see what my friends post, so I can stay connected to them regardless of the physical distance between us

Acceptance Criteria

Given that the student wants to see what their friends post, when they check the feed view then show them a list of media of students in their social network

User story

As a Kent student, I want to see events going on in and around canterbury, so I can take a break from academic work

Acceptance Criteria

Given that the student wants to see events happening in canterbury, when they check the events view then show them a list of upcoming events

User story

As a Kent student, I want to be able to upload a picture, so I can keep my friends up to date with what's happening in my life.

Acceptance Criteria

Given that the student wants to upload a picture, when they click the camera view then allow student to take picture, caption it and upload it.

User story

As a Kent student, I want to be able to send messages and media of interest to my friends and acquaintances, so I can stay connected to my friends

Acceptance Criteria

Given that the student wants to send messages and media, when they check the message view then show them a list of students in their social network.
